

# Workshop: Inspired by Architecture

Presenter: David Owen Hastings

*David will guide you through a creative process for designing your own modern abstract quilts, taking inspiration from architectural photos to develop dynamic and unique quilt designs.*

## MONUMENTAL INSPIRATION WITH UNLIMITED POSSIBILITIES

**6 hours:** Working from photos of architectural elements, David will guide you through the steps to design a mini modern fabric quilt... inspired by architecture! You will learn the quilt-as-you-go method, sewing the top pieces, batting and backing simultaneously. You'll then add texture and complexity with David's unique approach to walking foot machine quilting where the quilting lines become a major design element. Learn to connect multiple quilted units with a great gusset join technique, then add a simple face binding for a modern finish.

A PDF materials and supplies list will be emailed in advance. This workshop is a 6-hour live-stream event, conducted on Zoom, consisting of live instruction (no recording, please). You should have the current version of Zoom installed on your computer or laptop. Guidance for getting started will be sent in advance of the workshop.

## ZOOM WORKSHOP DETAILS

- Experiment with different elemental geometric shapes, including gentle curves
- Explore spare, simple compositions for a modern look
- Think about figure and ground
- Consider the sewing lines as a key design element
- Select 1-2 photos, and break them down into elemental shapes with tracing paper and pencil
- Assess which compositions work well, and choose one to translate into fabric
- Discuss color and value choices and decide on a palette
- Map out pieces for one composition
- Label and cut out cardboard pattern pieces, or cut pieces improv style
- Audition colors and placement
- Translate pattern pieces into fabric, leaving a generous amount of extra fabric for seam allowances
- Build composition with the quilt-as-you-go method, trying out multiple fabrics, stepping back to assess the effect of each
- Add texture and surface design with layered walking foot quilting motifs
- Watch demos of facing a quilt for a modern look and joining finished quilt blocks with a great gusset join technique (2 handouts will be provided)
- A complete PDF supply list with architectural photos will be emailed to each participant. Class sizes are limited to ensure one-on-one time.

This is an all-levels workshop. You should be comfortable using your sewing machine, and it should be in good working order. Basic knowledge of walking foot quilting is helpful, but not necessary. I look forward to sharing and sewing with you!
